# Acknowledgement Of Country

*The Energy Breakthrough acknowledges and extends appreciation for the Dja Dja Wurrung People, the Traditional Owners of the land where the Energy Breakthrough is held. We pay our respects to leaders and Elders past, present and emerging for they hold the memories, the traditions, the culture and the hopes of all Dja Dja Wurrung People.*

*We express our gratitude in the sharing of this land, our sorrow for the personal, spiritual and cultural costs of that sharing and our hope that we may walk forward together in harmony and in the spirit of healing.*

# Child Safe Commitment

*The Energy Breakthrough is committed to the safety, participation, and empowerment of all children and young people.*

*We uphold a zero-tolerance approach to child abuse and are committed to creating inclusive, respectful, and culturally safe environments, particularly for Aboriginal children, children with disability, and children from culturally and linguistically diverse backgrounds.*

*We listen to and respect the views of children and young people and involve them in decisions that affect them. Their voices are valued across all aspects of our program.*

*All staff and volunteers are required to hold a current Working with Children Check and are supported through training and resources to understand their responsibilities under the Child Safe Standards.*

*We have a confidential and accessible process for reporting child safety concerns and take all complaints seriously.*

*The Energy Breakthrough is committed to continuous improvement in our approach to child safety and regularly reviews our policies and practices to ensure they remain strong, transparent, and effective.*

Event Manual - VERSION 2026.01

# Welcome

Dear Team Manager,

**Congratulations for making it this far! This Team Managers' Event Manual provides you with all the essential details and links you arrive prepared for this year's Energy Breakthrough, powered by Honda.**

We have over 260 teams from 101 schools coming to this year's Energy Breakthrough which is an increase of 10 schools from last year.

We are thrilled to have Honda on board once again as our presenting partner. To have a global brand behind you and your schools is a great vote of confidence that we are on the right track.

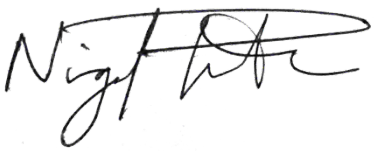

**Top five things Team Managers need to know this November:**

1. Encourage everyone in your team to download the new EB app via https://www.eb.org.au/app/ . It will (hopefully) take some load off you.
2. There will be a new Check-In Hub, presented by Honda, to help enhance the experience of students when they arrive.
3. Please plan to arrive via GATE 5 at the corner of Holyrood Street and Burns Street, you will be directed from there to your appropriate camping location.
4. Schools are now required to provide THREE marshals per shift.'
5. Spectator exclusion zones are a key safety measure.. Please encourage everyone connected with your team, including friends and family to follow the signage and avoid these exclusion zones as a top priority.

If you have any questions before, during or after this year's event, please don't hesitate to contact us via enquiries@eb.org.au or 1300 561 854

Thank you for your dedication and participation – and we look forward to seeing you at Maryborough!

Best of luck,

Nigel Preston
**Education Team Leader - Energy Breakthrough**

# TEAM MANAGER CHECKLIST

Have you remembered to do the following?

| Checklist | YES? | MyEB | App |
|---|---|---|---|
| 1. **SAFETY AND INSURANCE**<br>Registered this activity as a 'school excursion' with your school. | ☐ | N | N |
| 2. **CHILD SAFETY**<br>Ensure your school complies with the Child Safe Standards and Department of Education Guidelines, and all adults involved in the event have a valid **Working With Children Checks (WWCC).**See http://www.workingwithchildren.vic.gov.au/ | ☐ | N | N |
| 3. **TEAM AND EVENT SCHEDULES**<br>Check your scheduled times for when you are required to be present for scrutineering, Design & Construction, Display & Presentation, Marshalling and Trials. See https://schedule.eb.org.au/ or the new EB app. | ☐ | N | Y |
| 4. **CAR AND BUS PARKING**<br>Read and understood the **Car and Bus Parking** policy within this Event Manual. Registered your cars via https://my.eb.org.au/ | ☐ | N | N |
| 5. **MEDICAL AND EMERGENCY EVACUATION**<br>Read and understand the **Medical and Emergency Evacuation Information** within this Event Manual. | ☐ | N | N |
| 6. **CAMPING CHECKLIST**<br>Completed the **Camping Checklist** online via the MyEB Portal.<br>See https://my.eb.org.au/ | ☐ | Y | N |
| 7. **SCHOOLS HANDBOOK**<br>Downloaded **Schools Handbook** for your relevant category to review the applicable rules and regulations. See: https://www.eb.org.au/team-managers-hub/ | ☐ | N | N |
| 8. **PARTICIPANT LICENSE**<br>Prepared a Participant Licence for each of your students via the MyEB Hub. | ☐ | Y | N |
| 9. **MARSHAL TRAINING**<br>If participating in the TRYathlon, HPV Primary, HPV Secondary or EEV categories, recruit and direct at least **three Marshals** to our online training program. Prior to Check-In. See https://www.eb.org.au/marshal-training/ | ☐ | Y | N |
| 10. **CONTACT DETAILS**<br>Verify that your Team Manager mobile contact details are up to date in MyEB Portal, ensuring Event Officials can reach you during the event, prior to Check-In. See https://my.eb.org.au/ | ☐ | Y | N |
| 11. **TEAM MEMBER LISTS**<br>Completed your **'Team Lists'**, including details of riders and support crew, via the MyEB Portal prior to Check-In. See https://my.eb.org.au/ | ☐ | Y | N |
| **12. SUSTAINABILITY AT THE EVENT**<br>Have taken steps to minimise your environment impact during the event within this Event Manual. | ☐ | N | N |
| 13. Take a deep breath !! | ☐ | N | N |

# NEW! CHECK-IN HUB, powered by HONDA

The new EB Check-In Hub, powered by HONDA, will be at a branded marquee in EB Central. It will not be in the Maryborough Football Netball Club Rooms as has been the case since 2022.

### NEW Check-in Process for 2026

Team Managers AND their team members are report to the EB Check-In Hub for check-in.

### PRE-EVENT all via MyEB:

- Enter Team Member Names and Support Crew
- Edit and confirm Team Names
- Confirm Flag marshal names (if applicable).

### AT THE CHECK-IN HUB, EACH TEAM WILL:

1. Receive a welcome to the event,
2. Be issued with Team Manager Identification.
3. Collect team numbers and transponders (if applicable).
4. Receive an Emergency Procedures Briefing.
5. Collect Wristbands
6. Take a Team Photo

### Wristbands and Identification

- All team managers, team members, students and support crew who are camping on site will be provided with wrist bands for identification.
- Wristbands must be worn at all times to assist with site management and security.

# SAFETY

## SAFETY – Excursions

All Team Managers must ensure they fulfil all Victorian Education Department requirements (including insurance), as you would for all school excursions.

**Excursion staff**

Excursion staff must be approved by the principal or school council and may include:

- teachers employed by the Department or school council
- other adults on a volunteer or paid basis such as:
- parents or carers
- education support class officers
- community members
- trainee teachers
- campsite staff
- specialist instructors for excursion activities.

**Important:** school students cannot be used as excursion staff.

Excursion staff who provide supervision of students and who are not registered teachers must have a Working with Children Check.

More details Victorian State Government Schools via the Department of Education website:
https://www2.education.vic.gov.au/pal/excursions/guidance/approvals

## SAFETY - Public Liability and Risk Management Plans

Within MyEB, Team Managers can download copies of the relevant Public Liability Certificate of Currency and Risk Management Plans. Within MyEB it is listed under 'Documents' (Link: https://my.eb.org.au/)

## SAFETY – Property and Vehicle Responsibility

***NOTE:*** *While every precaution is taken to make the event as safe as possible (including scrutineering vehicle checks, safety equipment first-aid facilities and on-going safety checks) no responsibility can be taken for teams.*

## SAFETY – Track Competition

## TRACK COMPETITION CAN BE DANGEROUS

Track competition can be dangerous and accidents can happen.

For your safety and the safety of others, all people attending the Energy Breakthrough event during track competition MUST:

- Not enter the track at any time during track competition.

- Only use the designated pedestrian crossings to cross the track (unless directed by a Marshal or Official).
- Remain at least one metre behind the safety barriers at all times.
- Not sit, lean or stand on the safety barriers.
- Follow the directions of Marshals or Officials at all times.

## SAFETY – Spectator Exclusion Zones

A number of safety exclusion zones will been implemented around the track for your safety and the safety of others.

Team Managers are asked to respect these exclusion zones and encourage your students, fellow teachers, parents, family and friends attending the track competition to avoid these spectator exclusion zones.

## SAFETY - Working With Children's Checks

Working with Children Checks must be obtained for ALL attending parents and volunteers, as per the requirements of the Working with Children Act. More details via the Service Victoria website: https://service.vic.gov.au/services/working-with-children

# MEDICAL & FIRST AID ADVICE

The Medical and Emergency Services will be available on-site throughout the Energy Breakthrough event.

In case of an injury or emergency, please call **EOC 1300 561 854** or proceed to a Trackside Medical Centre or seek assistance from an event official.

Please DO NOT call Triple Zero unless an emergency as our Trackside Medical Centre is well equipped to manage most injuries on-site. Calling Triple Zero unnecessarily may take ambulance resources out of the surrounding communities.

### Trackside Medical Centre

- The **Trackside Medical Centre** is located near Marshal point #2 of Honda Maryborough Track (T1) and operational during the event.
- **First aid staff** from Advanced Licensed First Aid provider - **ColMed** - will be on-site during all programmed hours of the event.
- A **Health Commander from Ambulance Victoria** will be on site during all Honda Maryborough Track (T1) competition periods.

## On-Site Medical - First Aid Hours of Operation

| DAY | HOURS |
|---|---|
| TUESDAY | 3pm -9pm |
| WEDNESDAY | 9am – 9pm |
| THURSDAY | 9am – 9pm |
| FRIDAY | 6am – 9:30pm |
| SATURDAY | 9am – 12 Midnight |
| SUNDAY | 12 Midnight – 2pm |

### Only outside of the times above:

1. Call **000** in case of an emergency.
2. Please contact the **Victorian Virtual Emergency Department (VVED)**, a public health service to treat non-life-threatening emergencies. Visit the website: https://www.vved.org.au/
3. Proceed to the Maryborough & District Health Service (MDHS), 75-87 Clarendon Street, Maryborough.
   If a student is attending MDHS during the event, Team Managers are expected to have relevant medical information readily available .

# Local Pharmacies

Please plan ahead as local pharmacy times are limited. The current local pharmacies in Maryborough are:

| | |
|---|---|
| **Maryborough Pharmacy**<br>131 High St, Maryborough VIC 3465<br>**Hours:**<br>Monday 9 am–5:30 pm<br>Tuesday 9 am–5:30 pm<br>Wednesday 9 am–5:30 pm<br>Thursday 9 am–5:30 pm<br>Friday 9 am–5:30 pm<br>Saturday 9 am–12:30 pm<br>Sunday Closed | **Priceline Pharmacy:**<br>101-103 High St, Maryborough VIC 3465<br>**Hours:**<br>Monday 9 am–6 pm<br>Tuesday 9 am–6 pm<br>Wednesday 9 am–6 pm<br>Thursday 9 am–6 pm<br>Friday 9 am–6 pm<br>Saturday 9 am–12:30 pm<br>Sunday Closed |

# EMERGENCY PROCEDURES

Team Managers must brief all members of their team, support crew and others travelling with them on emergency procedures.

## Emergency Guide

The health and safety of everyone involved in the Energy Breakthrough is of paramount importance in how we operate.

The Teacher in Charge is responsible for briefing all school participants on the Emergency Response Procedures, selecting an appropriate Assembly Area, and informing all participants of their designated Assembly Area (see Site Plan with clearly marked Assembly Areas clearly). This is the area to which participants should move following an evacuation.

Victoria Police will control evacuation, in liaison with the EB Event Director and relevant Emergency services.

## Evacuation Procedure

### ALERT

Notify Security or Energy Breakthrough Official via 1300 561 854.

### ANNOUNCEMENT OR ACTION TONE

Event Management will issue instructions over the Public Address (PS) System. If the PA System fails a continuous high-pitch siren will sound as an emergency alert.
Follow all emergency procedures immediately. Move directly to the nearest designated assembly area as directed by Security, Official or Teacher in Charge. Evacuate people NOT property.

### EVACUATE

Evacuate the area following instructions from Security or Officials.

### ASSEMBLE

Assemble at designated assembly areas and meet with the Teacher in Charge.

### GOOD PREPARATION CAN HELP – FIRE EXTINGUISHER

Organisers ask that all teams bring a 4.5 kg Dry Powder Extinguisher, 3A60BE would be suitable.

**EVENT OPERATIONS CENTRE (EOC)**
1300 561 854

**EMERGENCY NUMBERS (OUTSIDE EVENT HOURS)**

| | |
|---|---|
| Police: | 000 |
| Fire: | 000 |
| Ambulance: | 000 |

There will be water bins on-site for firefighting purposes. These should only be used for emergencies.

# EXTREME WEATHER (HEAT / RAIN / THUNDERSTORM) POLICIES

Event organisers reserve the right to implement a range of staged strategies to reduce the likelihood of incident and / or injury from a range of extreme weather scenarios.

These policies will apply to all activities on-site, and the decision rests with the Clerk of Course and event organisers.

### Total Fire Ban Policy:

In the event of a TOTAL FIRE BAN being declared the following rules will apply:

- The Trial/s will proceed as scheduled unless the organisers and Clerk of Course deem it unsafe to do so.
- This ban will apply to the full 24 hours of the declared day.
- Event caterers will be able to use BBQ's, if a permit is issued from the CFA, and they agree to meet all permit conditions.

### Extreme Heat Weather Policy:

If the temperature exceeds 36℃, organisers reserve the right to implement a range of staged strategies to reduce the likelihood of heat stress.

These strategies include:

- compulsory breaks for riders / participants.
- suspension or re-scheduling of the Display & Presentation, Design & Construction and Scrutineering assessments.
- Suspension of the on-track Trial/s for a period of time.
- Modification or shortening of the on-track Trial/s.

### Thunderstorm / Lightning Policy: '30-30 Rule'

The '30–30 Rule' is an Australian Standard, which states that when you see lightning, count the time until you hear the associated thunder, and if this time delay is 30 seconds or less, go immediately to a safe location.

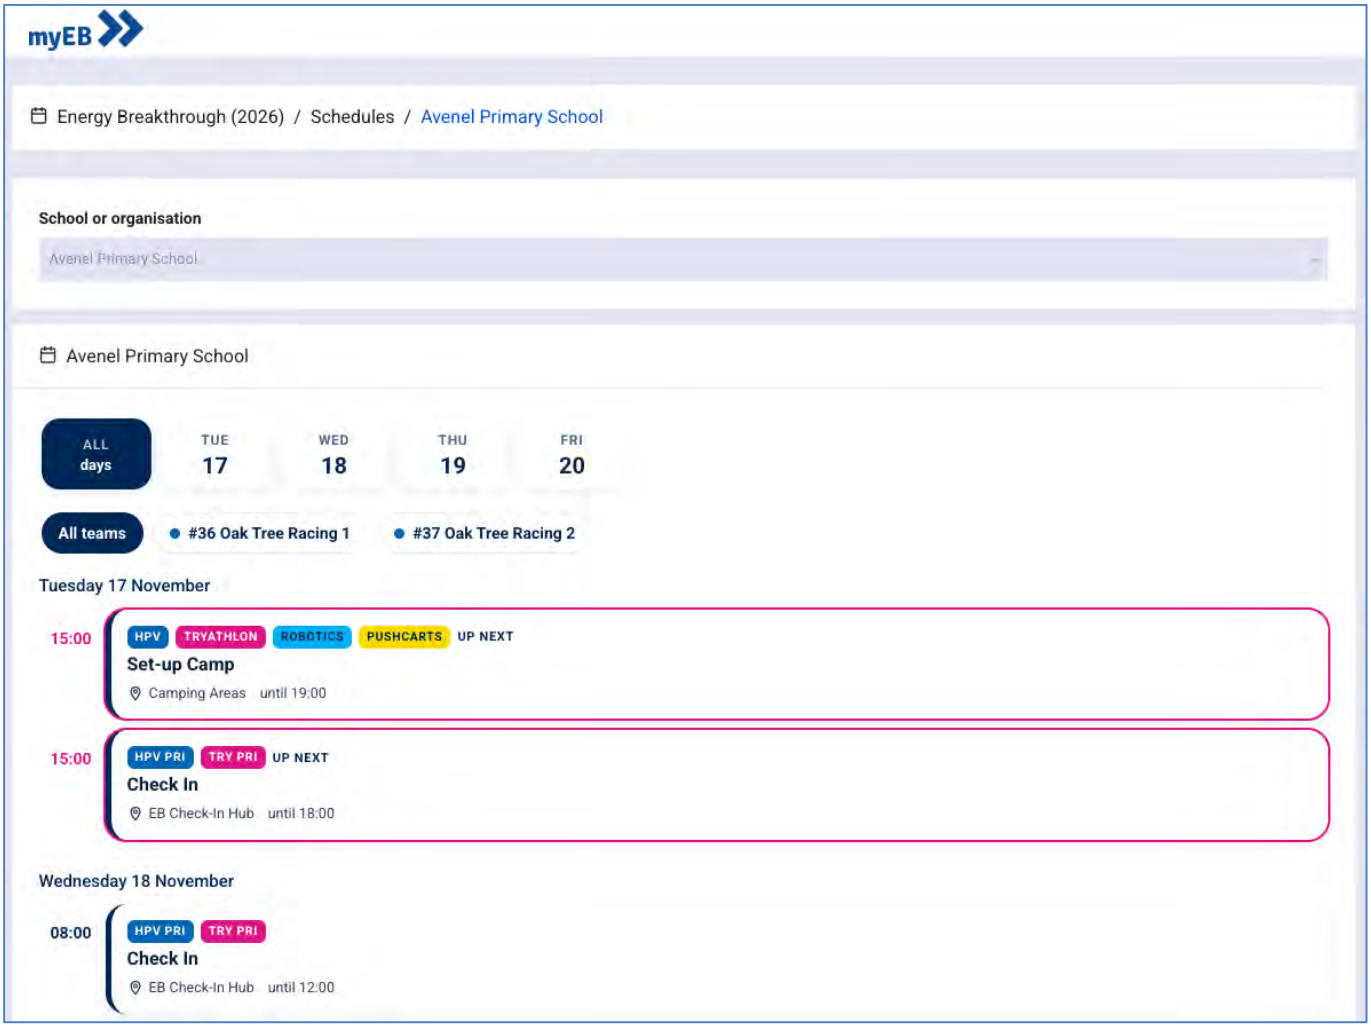

30-minute wait: After hearing the last rumble of thunder, wait 30 minutes before leaving shelter. There is still danger after a storm is over, so stay in a safe area until you are certain the threat has passed.

Strategies in the event of a thunderstorm or lightning storm during the event include:

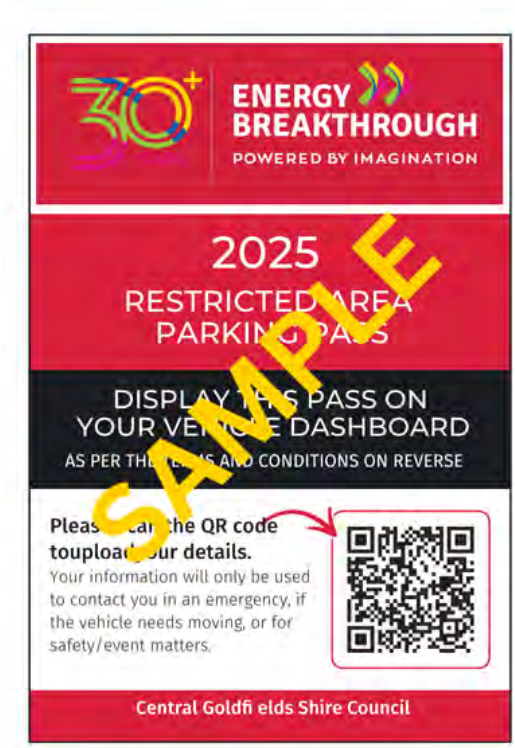

- Suspension or re-scheduling of the Display & Presentation, Design & Construction and Scrutineering assessments.
- Suspension of the on-track Trial/s for a period of time.
- Modification or shortening of the on-track Trial/s.
- Evacuation to undercover areas on-site or off-site.

# VIEW YOUR TEAM SCHEDULES

Find your school's Check-in, Display & Presentation, Design & Construction, marshal rosters (if relevant) and meeting times via our website: https://schedule.eb.org.au/ and via our new App.

# CAR AND BUS PARKING POLICY

## All Cars: $20 (including vehicles with a Red Restricted Area Parking Pass) Buses: Free

Payment is by EFTPOS only.

**The following Parking rules apply:**

- Volunteer parking attendants will be on hand to assist and direct drivers upon arrival.
- Please follow the instructions of the parking officials and camping coordinators.
- Buses are exempt from the parking fee and will be required to park in designated bus parking areas only as guided by the volunteer parking attendants.
- All cars parking on the event site and adjoining areas will be charged to park.
- Adjoining parking areas are:
- Burns Street.
- Holyrood Street.
- Park Road.

- A limit of **one car per school** is allowed to park within the event site with a Red Restricted Area Parking Pass. - until car parks are filled, and after this time they must park in adjoining areas. The Red Parking Pass will be posted to schools prior to the event.
- Any **cool rooms** will be parked as directed by the Camping Coordinator.
- The **Yellow Parking Receipt**, issued once payment is received, must be filled in with your school name and placed on your dashboard. These receipts enable the vehicle to be parked on the site as directed.
- No vehicles are allowed to park in the **Maryborough Caravan Park or on Princes Park Oval.**

# CAMPING ACCESS & ARRIVAL INSTRUCTIONS

Please refer to the Campers Detour Map within this Event Manual for the best access to your campsite, and share it with those travelling with you.

## Arrival

### Please plan to arrive via GATE 5 at the corner of Holyrood Street and Burns Street.

- There is an overpass on the northern end of the event site, we encourage all teams to arrive via Gate 5, which is at the corner of Holyrood St and Burns St near the Maryborough Caravan Park.
- There is also a bus turnout area here for ease of access.

Upon arrival, schools must follow Camping Co-ordinators' directions and set up camp in designated areas.

## Vehicle Access Restrictions

- NO VEHICLE ACCESS is permitted to camping areas inside Honda Maryborough Track (T1) (Jubilee Oval and the Tennis Bay) during the Practice and Trial sessions.
- Campers must carry their equipment using overpasses while the track is closed.

### General Camping Locations:

You can view your schools' Camping location via the MyEB Portal.

- **HPV Secondary & EEV teams** Jubilee Oval and Tennis Bay campgrounds.
- **Primary teams** Princes Park Oval.
- **Try-athlon teams** Honda Lakeside Track (T2) campground or Princes Park.
- **Off-site camping**
  - Schools may camp at the Maryborough Caravan Park (must book directly 03 5460 4848).
  - Schools camping offsite must notify Event Management through the MyEB portal for coordination and emergency management purposes.

### Camping Guidelines

- Unload belongings, move your vehicle to a car park, then set up your campsite..
- Set up camp as soon as possible after arrival.
- Alcohol and drugs are strictly prohibited.
- Parking is not permitted on the ovals.
- **Prohibited on-site:** Caravans, camper vans, motorhomes, horse floats or any other modified wheeled sleeping vehicle.
  - For alternative arrangements, contact the Maryborough Harness Racing Club on 03 5464 2451.
- Tent pegs must not exceed 30 cm
- No star pickets or heavy-duty marquee stakes are allowed.
- Hired Marquees must be removed by 5pm Sunday - failure to do so will incur a removal fee .
- Cooking devices (including BBQs) must be placed along the outside perimeter fence of Princes Park Oval.
  - Please use fat drip trays and protective sheeting under cooking devices to prevent damage to campgrounds.
- Showers, water and toilet facilities are available throughout the event site. Please refer to the site map for locations.

### Respect for Other Campers

- Ensure adequate supervision of team members.
- Keep the camping area quiet at all times
- Leave your site clean when departing.

### Security & Valuables

- Professional security services will be on site, however teams are responsible for their own belongings.
- Do not leave valuables in tents or unattended around campsites.

# CAMPING REQUIREMENTS

The health and safety of everyone involved in the Energy Breakthrough is our top priority. Before check-in, schools must complete the Camping Checklist via MyEB portal (details on the next page).

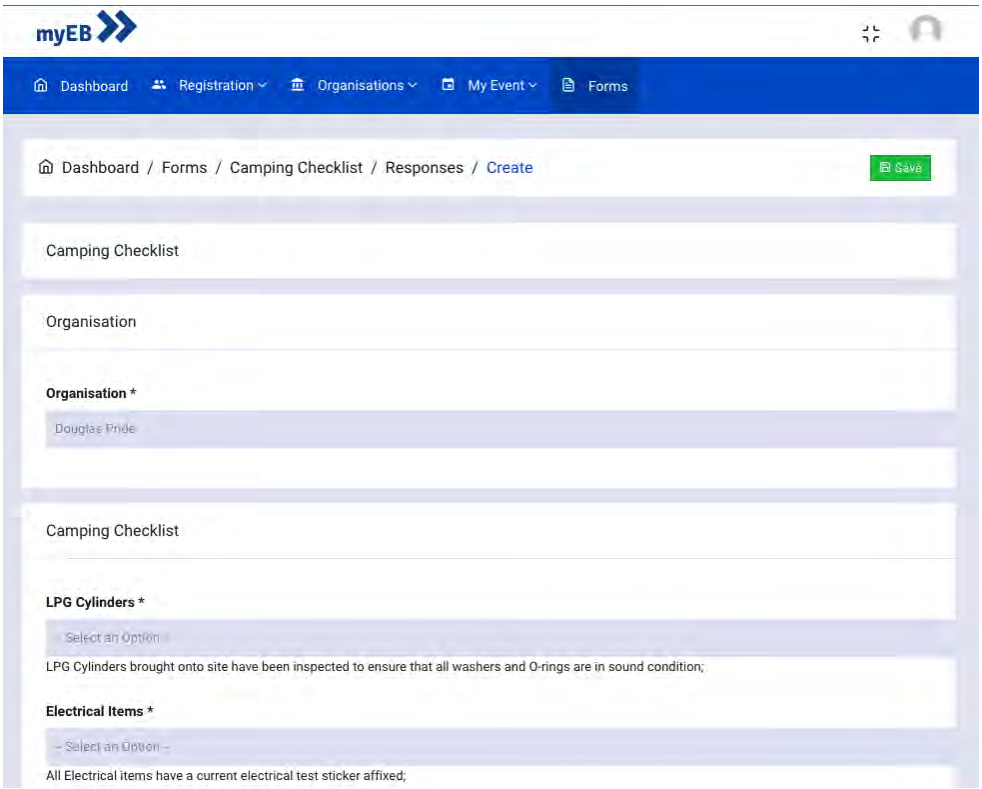

### Electrical Safe

1. Only lighting equipment may be connected to the site's electrical supply.
2. All electrical leads and items must be tested and tagged in compliance with AS3760: In-service safety inspection and testing of electrical equipment.
   * ELECTRICAL leads and POWER BOARDS MUST have a valid test sticker.
   - A licensed electrician will be available onsite to test leads at the Event Operations Centre (EOC) during the following times
     - Wednesday – Friday: 9am - 11am & 2pm - 4pm
     - Cost: $7.00 per lead.
   - Untested or untagged leads must not be used.
3. Only 10-amp heavy duty **electrical leads** are permitted.
   - Use longer leads instead of joining multiple shorter leads.
4. **Power boards** must not be plugged into other power boards.
5. **Electrical leads must be secured loosely along the fence line with reusable plastic zip ties (Princes Park Oval).**
   - **NO** leads are permitted in the guttering around Princes Park Oval

# CAMPING CHECKLIST

The following checklist must be completed via the MyEB Portal (the Online Entry System) https://my.eb.org.au/ before check-in. **Please ensure you review and complete each item below:**

| Camping Checklist |
|---|
| 1. All Electrical items have a current electrical test sticker affixed. |
| 2. Gas powered BBQ's brought onto site have<br>* A valid Australian Gas Association (AGA) certification sticker and/or Energy Safe Victoria compliance plate,<br>* Undergone regular external condition inspections that can be verified. |
| 3. LPG Cylinders brought onto site have been inspected to ensure that washers and O-rings are in sound condition. |
| 4. LPG Cylinders used onsite are securely fastened to:<br>* a manufacturer's bracket on a gas BBQ or<br>* in a plastic milk crate or similar container. |
| 5. A bubble test has been conducted on all gas connections before using any gas-powered BBQ onsite. |
| 6. A Dry Powder Fire Extinguisher and Fire Blanket (with current test tag punched within the last six months) are available for use. |
| 7. Any fuel brought onto site is stored in a container compliant with AS/NZS 2906 (2001). |

# SETTING UP YOUR PIT AREAS

**Pit 1A: #1 – #52 – FRONT STRAIGHT (STAFFORD STRAIGHT) – PARK ROAD**

- Pit #1 is located near the start / finish line at Marshal Point #1 (Pit 1A Exit).
- Pit #52 near Jubilee Oval at Marshal Point #11 (Pit 1A Entry).
- NO mains power is provided to teams in Pit 1A. Teams will be required to bring their own generators in this pit lane.

**Pit 1B: #53 - #105 – BACK STRAIGHT – BURNS ST**

- Pit #53 is located near Marshal Point #5 (Pit 1B Entry).
- Pit #105 is located near Marshal Point #6 (Pit 1B Exit).
- LIMITED mains power is available to teams in this pit lane. Teams are encouraged to bring their own generators or go off the grid.

- Where possible, pit numbers correspond to the team number.
- All pit sites are numbered on the asphalt in front of the pit.
- Teams in the HPV, EEV and Tryathlon endurance trials will be allocated a site in the pit area, except where schools with three entries in a category will be allocated two pits sites.
- Team numbers with a "300" prefix indicate a school with three teams using two pit spaces. For example,. Team "310" shares pit space number 10 with Team 10.
- Teams in TRYathlon Primary category will have a "400" prefix. For example, Team "410" will be in pit space number 10.
- Teams in TRYathlon Secondary category will have a "500" prefix. For example, Team "510" will be in pit space number 10.
- Teams in EEV category will have a "600" prefix. For example, Team "610" will be in pit space number 10.
- Pit must follow the direction of Event Officials and adjustment may be required at their discretion.
- Each pit site measures approximately 3m wide by 3m deep, with some extending up to 6m deep.
- Teams must maintain a 1m clearance area in front of their pit for rider changeovers and to ensure visibility of the track and pit lane for all teams.
- There is NO existing shelter in the pit areas. Teams are encouraged to erect a 3m x 3m or 3m x 6m tent, or share a tent with another team in the same pit.
- Vehicle access to the pit area is restricted during the event.
- There is no power in Pit 1A and limited power in Pit 1B. Teams must arrange their own generators if power is required.
- Teams are encouraged to bring a reusable floor cover such as tarpaulin (ideally 3m x 3m or 3m x 6m) to place on the ground in their pit area. This helps reduce ground damage and keeps the pit area cleaner.
- To avoid disruptions to track activities, pit areas should NOT be set up too early. Please refer to the Bump In Times in the Event Schedule.
- The pit area surface may be concrete or asphalt, so teams should use water or sand-filled weights to secure tents where appropriate.
- Teams are encouraged to display a team or school banner in their designated pit area, ideally around 2mx1m.
- Closed shoes must be worn in the pit lane at all times.
- The maximum speed in the pit lane is 10km/h.
- **Schools who bring carpet for their pit area MUST remove it at the end of the event and take this home with them – carpet cannot be left behind or disposed of in event skip bins.**

# Better banking.
# Big impact.

## It's a win-win when you bank with us.

Community Bank Avoca, Maryborough and St Arnaud returns profits to the people and communities that generate them.

So your home loan becomes part of something much bigger. And much better.

Last year it was the communication board at the Avoca Public Park.

This year it's partnering with Energy Breakthrough (EBT) as the Official Volunteer Sponsor.

**Find out more. Search Bendigo Bank near me.**

# MARSHAL TRAINING AND MARSHAL ROSTERS

**This year, we are focused on enhancing the training of flag marshals at the Energy Breakthrough.** Each HPV Primary, HPV Secondary, EEV and TRYathlon team must provide at least three marshals per team for the Practice and Trial sessions.

To support this, we have developed online training materials to help volunteer marshals understand their roles and responsibilities. All nominated marshals must complete the online training before the event and have copies of the Corner Marshal Manual.

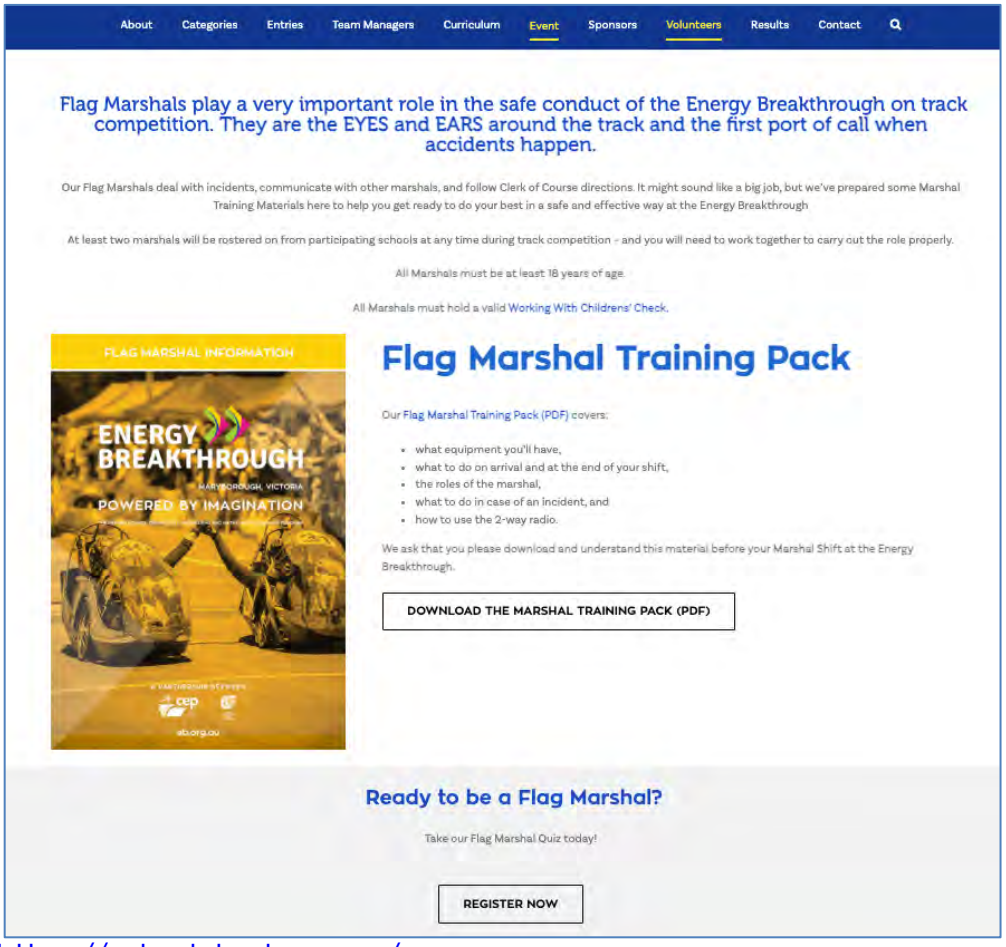

If you experience difficulties with the online marshal training system, please email enquiries@eb.org.au

## Marshal Training Process

Online Marshal Training is a three-step process, via:
https://www.eb.org.au/marshal-training/

1. Watch the instructional videos
2. Review the Flag Marshal Manual (PDF)
3. Register an account on MyEB and complete the online test (multiple-choice questions)

## Marshal Rosters

All Marshal Rosters are at:
https://schedule.eb.org.au/

# PRIZES AND SPECIAL AWARDS

### Energy Breakthrough Safety Award
Safety is at the core of Energy Breakthrough. This award recognises a team that has demonstrated outstanding commitment to safety in their design and construction processes, presenting a vehicle that prioritises riders and participant protection.

### Energy Breakthrough Encouragement Award
This award recognises a team that has overcome significant adversity in the lead up to and during the event in Maryborough, demonstrating resilience and determination

### Tricia Walsh Encouragement Award
Tricia Walsh was a passionate and active member of the Maryborough community, and a driving force behind the Innovations in Technology category. She volunteered across various roles for over 15 years before her passing in 2012.

This Encouragement Award reflects Tricia's belief the event wasn't about winning but about participation and perseverance.

### All Abilities Award
Presented to the school or team that excels in including and celebrating students with a wide range of abilities.

### Judy Parker Award for the Best First Year School
Judy Parker played a crucial role in the Country Education Partnership when Energy Breakthrough was founded in 1990. She was dedicated to engaging new and rural schools in the program. This award recognises the best performing first-year school across all primary and secondary categories.

### Bruce Reiffel Award for the Best Small Primary School
Bruce Reiffel, a dedicated teacher at Maryborough Education Centre, worked tirelessly to support and encourage small schools to enter the program. He was passionate about education, always helping young people to build better vehicles, prepare themselves for the event and was always willing to help the smaller schools. He understood education and he understood the 'Breakthrough'. Bruce Reiffel sadly passed away in 2005.

This award recognises the best performing HPV team from a primary school with an enrolment of less than 200 students.

### Ian Rogerson Award for the Best Display & Presentation
Ian 'Rogo' Rogerson was a lifelong educator and the first Coordinator of the Display & Presentation section of the Energy Breakthrough.

This award recognises the school with the highest Display & Presentation scores across all primary and secondary categories.

### McCulloch's Engineering Prize for School-Based-Built Vehicles
The McCulloch's Engineering Prize celebrates school-based design and construction. It is open to students in Year 7 to Year 12 entered in the HPV and EEV categories, with the requirement that commercially or professionally designed vehicles are not eligible.

- Built the majority of their vehicle at school
- Completed at least 500km during the 24-hour trial.

Teams are invited to self-nominate for this award during their Design & Construction assessment.

### Sustainability Award

Schools have the opportunity to be rewarded for their environmentally conscious actions

through the EB2026 Sustainability Award. Entries will be assessed by a judging panel of EB
and RSS representatives.

The winning school will receive:

- $500 towards their 2027 EB entry fee
- Going Green Prize Package – choose from a selection of prizes to help your school continue on its sustainability journey (to the value of $250)
- Tailored sustainability incursion session at your school, delivered by Resource Smart
  Schools.

# SUSTAINABILITY AT THE BREAKTHROUGH

Energy Breakthrough is committed to reducing event waste, increasing waste education and
becoming an environmentally sustainable event!

Waste initiative at Energy Breakthrough include:

- Be a sport and sort: Look out for the colour coded event bins to keep recyclable and compostable material out of landfill.
- Wash against waste: To avoid single-use items, food vendors will be providing their food and drink options with reusable bowls, cups and cutlery. Return your dirty dishes to the orange bins provided so they can be washed and reused.
- School waste reduction support: Resource Smart Schools (RSS) is providing a waste reduction workshop and other support in the lead up to the event to help schools prepare to attend EB waste free.
- Refill stations: There will be many options to refill your water bottles around the site, so make sure to bring your reusable bottles.
